

ASMA-USA is a trade association comprising of asphalt sealcoating professionals, for propagating the value of pavement preservation through the use of sealcoatings and other maintenance methods.

In the course of all ASMA-USA's activities, discussions among members involving pricing, credits, sale terms, territories, production, disparaging or other aspects of competition, must be avoided.

The participating members should raise the issue if at any time, during association activities, the directives are breached for immediate suspension of discussion on such matters.
